Is Mark Johnson our CDC liaison? We should be reaching out to them on this matter.

## Ex. 5 - Deliberative Process

### Ex. 5 - Deliberative Process

The attached draft is short and I think they need a very quick turnaround (I will ask). Is it safe to say we can provide a quick review?

On a different topic, were there any plans/discussion of the task force meeting in Flint next week? Mike and I had planned a trip up there because Flint's technical advisory group was supposed to meet. That meeting has been cancelled but we felt the need to still travel up there to meet with various groups. The Genessee County group would like to meet on Tuesday afternoon next week to go over their study.

**Subject:** Rough Draft Legionnaires Disease Media Release

Darren-

The attached is a really rough draft of the media release. We would appreciate feedback from the EPA task force.

Thank you for your assistance.
